## Adapting To The Times

*June 3, 2020*

*Between the Rock and a Hard Place* is moving forward with new plans for community engagement. Since we will not be having large community gatherings any time soon, we hope to encourage visitors to the park and those who are learning about it from other places to share their thoughts, stories and ideas with us via email. You can email us directly at **robinsonpark1929@gmail.com** And come back soon to hear about new activities and research we'll be announcing for the summer!
